OCTOBER 20, 2023 – Static Dress have surprise released [Rouge Carpet Disaster \(Redux\) Volume 2](#); a four song EP comprised of new *Redux* versions of tracks from their celebrated debut album [Rouge Carpet Disaster](#). Available today on [all streaming platforms](#), *Volume 2* features: “...Maybe!!?” (Oblivion Redux)

[ft. Bodyweb & Ryder Johnson], “sweet.” (Live From Barclays Arena), “cubicle dialogue” (I'm Letting Unseen Forces Take The Wheel Redux), and “Lye solution” (ft. Earlier this year Static Dress announced their signing to Roadrunner Records and released *Rouge Carpet Disaster (Redux) Volume 1*. The initial *Redux* collection features four reimagined versions of tracks from Static Dress' debut LP including: [“Di-sinTer” \(Glitter Redux\)](#), [“Courtney, just relax” \[ft. World Of Pleasure\]](#), [“such.a.shame” \(smoking lounge redux\)](#), and [“Attempt 8” \[ft. Sophie Meiers\]](#). Furthermore, *Rouge Carpet Disaster* was also repressed in [multiple vinyl variants](#), with each LP accompanied by an additional 7” vinyl featuring the four *Volume 1 Redux* tracks.

Originally released independently, *Rouge Carpet Disaster* proved to be a watershed moment for Static Dress. Produced by Erik Bickerstaffe of Loathe and written by Static Dress, the album spotlights an imagination capturing sound that transcends emo, screamo, metal, pop, electronic and so much more; making for one of the most ambitious statements made from within the rock format in decades.

Static Dress made an immediate impact upon the alternative music scene with the release of their 2021 EP, *Prologue... (Comic Book Soundtrack)*. Voted by *Kerrang!* readers as the *Best New Band Of The Year* in 2021, *Prologue...* set the stage for Static Dress' most widescreen vision; a comic book and official soundtrack building the foundations for a parallel universe with innovative puzzles and lore that has captivated fans.

Winner of the Heavy Music Awards 2023 “Best Breakthrough Live Artist” and having supported acts such as Knocked Loose, Loathe, Higher Power and more, Static Dress recently wrapped a U.S. tour alongside nothing.nowhere., SeeYouSpaceCowboy and UnityTX. Up next, Static Dress will kick off their U.K. *Rouge Carpet Disaster* headline tour which runs from November 9th to November 19th and later join Bring Me The Horizon on their headline arena tour beginning on January 9th.
